

Notice re Reconstruction of US Route 7 (Segment 1) in Pittsford

From March through November, VTrans will be reconstructing Segment 1 of US Route 7, which runs from approximately the Mobil Station southward to Town Line Equipment. The primary contractor is Markowski Excavating, which will hire several subcontractors. There will be disruptions to traffic flow.

Please direct all questions, concerns or complaints about this project to VTrans's Project Outreach Director, Natalie Boyle of EIV Technical Services. Here is her contact info:
